Education

Bachelor of Science in Computer Science | **Minor in Mathematics** Expected Dec 2027
California State University, Northridge (CSUN) Northridge, CA
Relevant Coursework: Object-Oriented Programming, Data Structures & Algorithms, Database Systems, Software Engineering, Operating Systems
Los Angeles Pierce College Jan 2023 – Dec 2024
Coursework in Computer Science and General Education Woodland Hills, CA
Transferred to California State University, Northridge (CSUN)

Technical Skills

Languages: Java, JavaScript, TypeScript, SQL, HTML, CSS
Backend: Spring Boot, Spring Security, Spring Data JPA, Hibernate, Node.js, REST APIs
Frontend: React, Tailwind CSS
Databases: PostgreSQL, MySQL
Tools: Git, GitHub, Maven, Vite, Firebase, Visual Studio Code, IntelliJ IDEA

Projects

Curtain Store Management System
Java, Spring Boot, Spring Security, JPA, REST APIs, React, TypeScript, PostgreSQL, Tailwind CSS

- Built a full-stack, bilingual Dari/English management system for a family-owned business operating two curtain stores.
- Implemented Spring Security role-based access control for managers, employees, accountants, and tailors with store-level permissions.
- Developed integrated workflows for customers, orders, walk-in sales, inventory, expenses, supplier payments, manager withdrawals, and financial reports.
- Designed REST APIs and JPA/PostgreSQL data models supporting inventory deductions, low-stock alerts, audit history, order tracking, and transaction traceability.

CinemaCart | Full-Stack Movie Ticket Booking Application
Software Engineering Team Project (COMP 380)
Java, HTML, CSS, JavaScript, Firebase Firestore, Maven

- Developed Java backend features for movie search, filtering, and shopping cart functionality.
- Implemented seat and ticket selection with input validation.
- Connected backend services to frontend components and Firebase Firestore.

Portfolio Website | React Web Application
React, JavaScript, CSS, Vite, React Icons

- Built a responsive portfolio website featuring sections for education, skills, experience, projects, and interests.
- Added project galleries and resume download functionality.
- Designed a mobile-friendly interface for consistent viewing across devices.

Work Experience

Security Officer | Secure Net Alliance Jun 2025 – Aug 2026

- Managed visitor access and entry using ButterflyMX.
- Provided customer service to residents and guests.
- Responded to incidents and prepared security reports.
